

Help us spread the word to the community about Theater Works!!

**Join the
VolunteerWorks
Community Street Team**

Theater Works is building our **Community Street Team!** These groups of volunteers will assist the Marketing Department at community events. The volunteers will help with setting up the booth with the most current Theater Works materials and share all of the exciting information about our Theater Works season, special events, YouthWorks programming, summer camps and much more. After the events the team will pack everything up for our next event.

The Marketing Assistant will train the teams, coordinate days to pick up/drop off the event bins, and debrief the team about the event; where the booth is located, who the contact person will be, and discuss the marketing focus for the event (i.e. summer camps, a fundraiser, or upcoming performance).

Building relationships within our community is vital and this is such a fun and memorable way to introduce the community to an amazing theater experience. If you love to share your passion for the arts and your love of all things Theater Works, we would love to have you on our team!

While you are building amazing relationships with your fellow volunteer community, you are building relationships with key members of our community. In addition, you will be earning hours for **Complimentary Tickets** to our amazing productions.

These are just a few of the events that we have coming up this season:

10/15/16 - 5:30pm – 8:30pm - GAIN – Pioneer Park

10/22/16 – 5:30pm – 8:30pm - ParkFest! Pine Movie Night
